CHAMPAGNE BAR

Discover two limited-edition cocktails crafted to complement the sensual essence of Secret Gardenia by Miller Harris, London perfumer and master of fragrance storytelling. Each cocktail brings the perfume's luxuriously heady floral and citrus notes to life, translating scent into taste.

Miller Harris

PERFUMER LONDON

Secret Bloom 18

Bombay Sapphire gin, Tio Pepe, Italicus fortified with yuzu jasmine cordial, pear eau de vie, violet liqueur, sandalwood and orange flower water

A captivating floral and citrus harmony, this cocktail reflects the ethereal and radiant side of Secret Gardenia. Imagine walking through a blushing garden, blossoming in colours and flavours of citrus, flowers and herbs, sweet fruit, and the woody warmth of the trees, complemented by a joyous, sparkling effervescence.

Head Notes:

A vivid burst of citrusy yuzu mirrors the perfume's fresh, bright opening, balanced by sweet jasmine.

Heart Notes:

Jasmine, violet and a hint of juicy pear form a fresh floral bouquet, echoing the perfume's lush garden narrative.

Lingering Impressions:

Sandalwood and orange flower add a wintery warmth, capturing the fragrance's creamy, woody base.

Elysium 18

Belvedere vodka, Muyu jasmine, lychee & yuzu cordial,
Noilly Prat, amaretto fortified with sandalwood and honey

Elysium is an exquisite journey into a faraway paradise, the heart of the secret garden. A hidden spot in the dappled shade of a tropical tree, branches heavy with delicate white flowers and ripe with tropical fruit. Honeybees hum in the warm sunlight, which heats the bark against the back of fortunate visitors. A refreshing citrus breeze carries the tart fragrance of distant groves.

Head Notes:

Bright citrus from yuzu cuts through, carrying the opening chapter of the perfume's fresh, vibrant top notes.

Heart Notes:

Jasmine and lychee blend together to add a tropical and elegant twist to the perfume's floral bouquet.

Lingering Impressions:

Smooth sandalwood and honey amaretto leave a velvety sweetness, echoing the musky base of the fragrance.
